

Fayette Area Coordinated Transportation (FACT) USER'S GUIDE

WHAT IS THE SHARED RIDE SERVICE?

FACT Shared Ride service may be thought of as a bus service. FACT provides curb-to-curb transportation for Fayette County residents to anywhere in Fayette County. FACT provides door-to-door transportation for MATP clients when medically necessary. FACT also offers limited transportation for medical appointments to Allegheny, Washington, Westmoreland and Somerset Counties to approved medical facilities.

FACT drivers will provide transportation if the client is present at the pick-up location and can depart the vehicle at the drop off point. FACT drivers are not personal care attendants. The Shared Ride and Fixed Route services are wheelchair accessible. The FACT drivers are not responsible to care for a client if no one is home. If a client needs help getting to and from the pick up point, the client must make the necessary arrangements.

To schedule an appointment for transportation, call the FACT office Monday through Friday between 8:00 a.m. and 4:30 p.m. You may call up to one month before your appointment date but no later than 2 p.m. of the working day prior to your appointment. The office is closed Saturdays and Sundays, and there is no transportation on the following holidays: New Year's Day, Memorial Day, Independence Day, Labor Day, Thanksgiving Day, and Christmas Day.

Shared Ride service is not a taxi, limousine or ambulance. Clients share the vehicle with others taking similar trips. You may need to adjust your travel times to accommodate other client's schedules. Space is limited and can't be guaranteed, and service depends on demand. In rural parts of the County, service is limited. Clients should be flexible about when they travel and on what route they are taking.

WHO CAN USE SHARED RIDE SERVICE?

Any Fayette County resident may use Shared Ride. All clients must pre-register for the service before requesting a trip. The fare depends on the purpose of the trip and if any of our various sources fund it. Clients may be eligible for one or more funding programs.

Some of the sources that provide funding for eligible county residents include:

- **Shared Ride Program for Senior Citizens**

- Supported by the Pennsylvania State Lottery through a grant from the Department of Transportation and Southwestern Pennsylvania Area Agency on Aging.

Individuals aged 65 and older may use Shared Ride trips for a medical appointment, banking, grocery shopping, employment, post office, senior center, adult day care center, pharmacy, social service agency, hospital/nursing home admittance or discharge, and visiting for immediate family members (spouse or children). The Pennsylvania Department of Transportation pays for 85% of the fare for eligible Senior Citizens and Southwestern Pennsylvania Area Agency on Aging may sponsor a portion of the remaining 15% of the fare.

- **Medical Assistance Transportation Program-(MATP)**

Medical Assistance Transportation Program provides transportation for treatment, medical evaluation, or to purchase prescription drugs or medical equipment that is compensated by medical assistance.

FACT is the transportation provider for Medical Assistance recipients in Fayette County. To be eligible for Medical Assistance Transportation, you must comply with the provisions of this guide and:

1. Have a current Medical Assistance Card (ACCESS CARD).
2. Be a permanent or temporary resident of Fayette County.
3. Need transportation to get to a covered medical service from a provider who accepts the ACCESS card, or is a Health Care Provider in your network.

To use the Medical Assistance Transportation Program:

1. You must request an application from FACT and return the original signed application within 30 days of the request to the FACT office.
2. MATP clients are only eligible to go to and from a medical facility or pharmacy. The doctor must be a MA provider.
3. If the client has access to a vehicle, FACT will offer mileage reimbursement.

Escorts are permitted if:

1. The recipient is physically or mentally incapable of traveling alone.
2. The recipient is a minor (18 or younger).
3. The effects of treatment may cause temporary incapacity.
4. A physician provides a written statement that an escort is necessary for medical reasons.
5. The recipient needs an interpreter.
6. You provide your own escort; FACT cannot provide them for you.
7. You notify FACT at the time the trip is scheduled.

General Information for the MATP Program:

1. MATP will not fund trips of less than ¼ mile unless the recipient is unable to walk that distance.
2. The law requires that we provide the least costly transportation available. FACT may schedule your trip with a bus, public transportation, another social service transportation provider, or by private automobile for mileage reimbursement.
3. Mileage reimbursement is 25 cents per mile. FACT needs a statement from the physician with his or her provider number, date of service, and the odometer reading to and from the facility in order to reimburse you for this expense. This information may be mailed, faxed, or brought to the office by the end of each month. Reimbursement checks are issued every two weeks. FACT will not reimburse for forms submitted 2 months after the month of service.
4. MATP is a **non-emergency** medical transportation program.
5. Transportation service for eligible institutional residents, i.e. personal care homes, is covered only when the institution can not bill the costs to the Dept. of Public Welfare.
6. Only one month may be submitted per each form.

Your Right to Appeal and Have a Fair Hearing

To request a Fair Hearing, send a letter requesting the hearing to:

Department of Public Welfare
Bureau of Hearings and Appeals
2330 Vartan Way, Second floor
Harrisburg, PA 17110-9721

You can get free assistance if you need help with your appeal at the Legal Services, Inc., office by calling 243-9400.

MATP pays the entire fare for a trip to a medical appointment that is paid for by Medical Assistance. If you are enrolled in an HMO, we can provide transportation to the primary physician's office. If you need to go to other medical appointments, they would have to be in your network.

Clients may self-refer for particular medical services (dental, vision, OB/GYN, family planning, chiropractic, and behavioral health services). These services do not require prior approval by a Primary Care Physician (PCP) if the member obtains the services from a Managed Care Organization (MCO) network provider. To make sure that a provider is a member of a MCO network, contact the designated liaison at the MCO. Family planning services do not require a MCO network provider. Transportation can not be provided for any service from a non-enrolled medical assistance (MA) provider or that is not an MA compensated service.

• **MATP Urgent Care**

Transportation for urgent care services can be provided if a physician/provider identifies it as urgent. FACT must be notified by a physician's office. For medical emergencies, please dial 911.
